

## Tēnā koutou and Welcome

Each year the Karori Community Centre host the Karori Youth Awards to acknowledge and celebrate the positive youth development which is happening in the local community.

This event provides an opportunity to celebrate young people from Karori who demonstrate **leadership, show perseverance**, and give **service** to their community. The awards also acknowledge those who **support Karori youth** in a substantial way over a period of time. This year we celebrate 23 years of *“Recognising, Rewarding, and Encouraging Young People’s Service to the Community & Personal Achievement”*. Whether you are new to the Karori Youth Awards, or are a long-time supporter, we are glad to be making contact with you and trust that this information pack will tell you all you need to know to take part in the awards this year. Please find the following forms attached to this email.

- 1) The Awards Criteria and Categories,
- 2) The Awards Nomination Form, and
- 3) A promotional poster pdf.

Please also participate through any of the suggested ways below:
